

### **REMARKS**

Claims 33-65 were pending after the amendment of January 6, 2006. Applicant appreciates the notification that Claims 38 and 65 are allowed.

Applicant has cancelled the claims that were not allowed and added new claims 66-83 in place thereof. The new claims are fully supported by the specification as filed. See, for instance, Examples 1-4. Entry of these new claims and allowance of the same are respectfully requested.

Entry of the present amendments for purposes of appeal is respectfully requested. Entry is necessary because Applicant believes that the amended claims are now in condition for allowance notwithstanding the cited art and the Examiner's arguments thereunder.

Entry is finally believed proper at this time because the amendments do not raise any new issues that would require further consideration and/or search, since they merely conform in scope to the claims already adequately and properly searched by the Examiner and they do not introduce any new matter.
